## WILL HAVE HOT TIME AT SANDY

## Americans to Hold Big Meeting.

Special on Pedro to Carry Party From Salt Lake Friday Night.

Senator Cannon, Judge Hiles, Women's Quartette and Drum Corps Will Entertain Crowd.

Sandy voters will "rally 'round the flag" next Friday night. And quite a number of friends of the American party of Salt Lake will go over to the old smelter town to join them. Senator Frank J. Cannon and Judge Ogden Hiles will be present at the rally to tell the people of Sandy what the new party stands for and what are A very excellent ladies' quartette will furnish some vocal music and the patriotic spirit will be aroused by the American Party Fife and Drum corps. A special train will carry the Salt Lake

party to the raily. It will be run over the San Pedro and will leave the Oregon Short Line denot at 7.15 in the evening, and will leave Sandy at 10:30, peaching the city at about 11:15. The round trip will

The American party candidates are all urged to attend the rally and everybody will be welcomed. It is requested that tickets be secured at American party headquarters, but should it not be con-venient to apply for tickets there they may be had of the committee at the sta-tion.

may be had of the committee at the station.

Ten thousand flag pins, the emblem of the American party, have been received at the Atlas block headquarters, and the demand for them in the State has been so great that the supply will soon be exhausted. The committee has been sending hundreds to friends in almost every county in the State, besides distributing them in the city.

As the new movement grows in power the people show a desire to wear the pretty badges. And, anyway, who is ashamed to wear the American flag?

Several days ago it was believed that the arrangement of the several party fickets on the official ballot would be in the order. Republican American, Democratic and Socialist. The arrangement did not please the Smoothe leaders and they have insisted that the Republican ticket be in the first column, the Democratic next, Socialist third and American, fourth.

The Smoothes wanted the Democratic ticket is close to theirs that the delivery of Mormon Democratis would be as easy as possible. They do not care how many American party Republicans should over look the Republican electors.

The fact is Anderson, Eldredge, Emery, Spry, Cutler and the remainder of that push do not care a fig for the national ticket and only talk Roosevelt because they know that his name is a word to conjure with—that Roosevelt will help carry them through the fire of public criticism and contempt.

Now it is claimed by the Smootites that Utah county will give Cutler a majority

Now it is claimed by the Smootites that Utah county will give Cutler a majority of 1200. Is there any sane man who will insist that there will be anything normal in such a vote? Instead of running ahead of his ticket, Cutler, under normal conditions, would run behind it in every voting district in the State. If he carries Utah county, or any other county, by 1200 this year, it will be because the priesthood is behind him. And the priesthood is behind him because the church has selected him as the candidate of the church for the Governorship.

Cutler's success, in view of the thou-sands of votes he will lose, will be charge-able to church influence. In which case the contention of the American party is fully sustained.

About the deadest spot in Utah is the Democratic county headquarters. The leak of life there is one of the mysteries of the campaign. Ordinarily it would been that the Democratic county committee would be more than active. But there has been a complete lying down.

Is it to be inferred from this that the Democratic county committee has received counsel? Was the Democratic county enablidates nominated to be sacrificed on the altar which 'Fussy Jimmy,' Ed Callister, Jody Eldredge and Frank Emery have constructed? If so, what is the use in Jim Moyle, Judge Powers and the eloquent man from Texas trying to hold the Democratic party in the cow counties together?

Many Democrats have said that if the Democratic party ever had a chance to carry Salt Lake county it is this year, when it would appear on the surface that the Smoot ticket should be the third in the race. But the Democratic county committee has no more signs of life than a crypt room in a monastery. There are a few silent spirits hovering around at times, but they remind one more of those who are praying for the dead than anything size.

If it were not for that old warrer.

thing else.

If it were not for that old warrier,
Bimon Bamberger, and Joe Cohen, his secretary, there would be little to be seen
of the Democratic party in Utah. They
are a whole organization to themselves,
and the number of their earnest aides
may be recorded with one figure.

Three Swedish meetings will be held by the American party soon. The first will be at Sandy, October 26. The next at Murray, October 23, and one at Norden hall, this city, on November 5. All will be addressed by well-known Swedes, among them being k. H. P. Nordberg and Tabor Johnson. It is reported that the new party will have quite a following among the Swedish-Americans of Utah.

The question is frequently asked. "Who may register a registrar?" The law provides that a registrar may take the oath before any official who is qualified to administer an oath, such as County Cierks, Justices of the Peace, Judges of the court, etc.

court, etc. A registrar may not register himself. "Fussy Jimmy" returned from a proze-lyting tour through Cache county con-vinced that the priesthood has to get a

hump on themselves to save Cutler and Howell.

It will be observed that a great majority of the election officers appointed on recommendation of the Republican county chalfman are tools of Eldredge and Emery. And this suggests a watchfulness on the part of the friends of the Democratic candidates and the Gentile candidates on the ticket with Eldredge and Emery. There are so many stories of swapping and church methods affoat that it is impossible to discredit them all. The American party will take proper steps to safeguard its voters and see that every bullot is counted as cast. Other parties should do likewise.

It may be a more trifle that the friends of Eldredge and Emery got a majority of the Judgeships but no honest election board is affaid of being watched.

Word has reached American party county headquarters through a perfectly reliable source that a man and woman, wearing American party flass and representing themselves to be from the American before the American before the American county to the American performs the American before the American bef

Frank Emery. According to the story, they are insisting that the American party desires the election of Emery—that the American party candidate was merely placed on the ticket as a filler. They tell the roomers that as Emery is a Republican and the American party is made up mostly of Republicans, it is the desire that Emery defeat the nomines of the Democrats.

The American party committee desires to warn the public against such methods as this and to say that anyone who represents bimself as coming from American ticket is a fraud.

If Shestif Emery is cognizant of the rooming-house efforts in his behalf, he had better call this friends off. If he is not it will be to his interest to take his workers in hand, and see that they are less indecent in their political methods.

ess indecent in their political methods.

The frauds that are already being employed to offset the work of the American party are so numerous and reprehensible that new methods need not surprise anyone. But the committee has taken such steeps to protect its ticket and is justly indignant at some of the outraseous stories that have been circulated that some of the falsifiers of the Swootcamp will be properly branded at the proper time. It will be wise to look out for corbacks. They will be got afford by the dozen by "Fussy Immy" and his experts within the next few days. This is a part of their campaign, it would seem from the number of roorbacks and their victiousness already current. They will increase in size and possibly in plausibility as the campaign progresses.

Roberts opposing the high priest of the temple for Governor?

How desperately Apostle Smoot and the "Apostolic liar" are trying to prove an ailbi. How could there be "church induced" when "Brig" Roberts is "opposing" the election of John C. Cutler?

The world is "looking at us" just now Even in far-away Honolulu the reign of the priesthood in Utah attracts attention. The following editorial from the Commercial Advertiser of Honolulu will be read with interest:

"With the organization of the American party in Sait Lake the political situation there harks back to the time in Territorial days when there were but two parties in the field—Mormons and non-Mormons, or People's party and Liberals as they were known politically. Up to 1898 these two parties were arrayed against each other. In the city election held in Salt Lake in February: 1890, the Liberals for the first time defeated the People's party by a large majority after a bitter fight, and the entire Gentile licket went into office. When Utah became a State in 1892, it was agreed to drop the old religious party feeling and the Republican and Democratic parties were organized. The Mormon church, however, has deminated both parties, using the whip whenever its interests seemed to demand it."

The Richfield Reaper says: "There is no question now that the American party

The Richfield Reaper says: "There is no question now that the American party is going to poil a heavy vote in the State, and it is conceded that at least four-fifths of it will come from the Republican ranks."

Mrs Joseph M. Coben leaves this morning for Ogden and other points in Weber county, where she will organize the Democratic women into clubs, and also organize campaign committees. After working in Weber county, Mrs. Cohen will visit Wasstch, Summit, Juab, Utah, Morgan and other counties of the State in the interest of the Democratic party.

"One result of the present campaign that is a dead certainty," said a political roustabout at the foint building yesterday, "is that before the year has closed Brother Spry will have to subsidize the subsidize the subsidize the subsidize the subsidize the subsidized weeklies to support the American party or there will be no possible hope for a Smoot organization hereafter. But the chances are that it will cost less to call them off the American party than it did to sick 'em on."

"You fellows are driving away sould."

"You fellows are driving away capital "You fellows are driving away capital by your American party movement," declared a Smoothe yesterday, "Let me tell you something confidentially," replied a friend. "It is not the American sentiment in Utah that is keeping capital out. Capital is very timid where one man is the whole cheese. It is this that is keeping men of means away from Utah and to counteract this is one of the great objects of the American party."

There is no intention of inflicting the public with the following from one of the subsidized weeklies, except to call attention in a modest way to some of the "goods" which Chairman Sory et al. are obliged to pay for these days. The "pome" is addressed to John C. Cutler. There are seven stanzas in all. The Tribune's linotypers positively refused to reset but four of these, or the entire "pome" would be reproduced. Here they are:

For the governorship of Utah, we must have a very smart man,

fact that Benjamin Harrison once carried the State by \$2,000 majority.

Populist ticket at all. This the old Pops refuse to do, for if there is any one refuse to do, for if there is any one thing that a conscientious Populist hates above all things else, it is a Democrat of the Parker stripe. He looks upon the privilege of voting for Roosevoit as grace itself compared with it.

The real Populist, the man who was a Populist from principle, has either gone over into the Socialist ranks, or else he will try to even up with the Democrats by voting the Republican ticket. He looks upon the Democrats as his worst enemies. He has not forgotten how, eight years ago, he had his party platform forn up and adopted almost as a whole by the Lemocrats, and it is still fresh in his memory how, eight years later, after his own party virtually had passed over to the Democrats, they threw out every one of the stolen planks, and how like 'the dog that turns again unto his vomit,' the puriolning outfit returns to its former cussedness and nothingness. With the aid of the Populists and half-way decent Democrats, Kansas will roll up 100,000 majority for Roosevelt.

#### BISHOP CAPTURED.

Box Elder Democrats Nominate Republican Churchman.

Special to The Tribune. WILLARD, Oct. 18.-The action of the recent county Democratic convention in placing upon the ticket Bishop William . Facer of this place, has stirred up trouble. Bishop Facer has been a life-long Republican, but upon the day of the re-cent convention, it is said that he was waited upon by some of the "brethren."

The bishop refused to give an answer as to whether his name might be used upon the ticket, but immediately left for Brigham, where, it is asserted, he went to consult with Brother Kelley. Upon his return a change was noted and his name went upon the county ticket.

The Democrats smile and the Republi-cans admit that many of the older. "brethren" will vote for Brother Facer with good chances of their voting the straight ficket. In the bishop's visit to Brigham the Democrats of this place gained a decided advantage. William Smythe of California was to have spoken here last night, but for various reasons the Democrats called the meeting off.
